

## QUALITY POLICY

It is the policy of bpha to maintain a quality system designed to meet the requirements of ISO 9001:2015 in pursuit of the purpose, its primary objectives and the operating context of the organisation.

It is the policy of bpha to:

- provide a level of service that gives satisfaction to all of our customers and other stakeholders and interested parties whenever possible, meeting and exceeding their expectations;
- comply with all legal requirements, codes of practice and all other requirements applicable to our activities;
- insures the reduction of hazards, prevention of injury, ill health and pollution;
- provide all the resources of equipment, trained and competent staff and any other requirements to enable these objectives to be met;
- ensure that all employees are made aware of their individual obligations in respect of this quality policy;
- maintain a management system that will achieve these objectives and seek continual improvement in the effectiveness and performance of our management system based on “risk”.

This quality policy provides a framework for setting, monitoring, reviewing and achieving our objectives, programmes and targets.

Customer service is an essential part of the quality process and to ensure this is fulfilled, all employees receive training to ensure awareness and understanding of quality and its impact on customer service.

To ensure the company maintains its awareness for continuous improvement, the quality system is regularly reviewed by Senior Management to ensure it remains appropriate and suitable to our business. The Quality Management System is subject to both internal and external annual audits.

A handwritten signature in black ink, appearing to read 'Lavinia...', is written over a faint, illegible background.
