# HOW IS SHARED OWNERSHIP RENT CALCULATED?

---

## Shared Ownership Rent

Current Rent + 3.8%

Your lease sets the formula for reviewing Shared Ownership rent as RPI (Retail Price Index) in the previous September plus 0.5%.

RPI in September 2018 was 3.3% so your rent will go up by 3.8%.

### Service Charges

(where applicable) are charged separately from your rent. A breakdown is shown on your rent review letter.

Read more on page 7.

# SERVICE CHARGES EXPLAINED

---

A Service Charge is an additional payment towards the cost of providing and maintaining communal areas and services outside your home.

You only pay for the services you receive.

For example, if you live in a block of flats with a communal garden, the cost of maintaining that garden is covered by a service charge because it is available to all residents and is outside of your home.

**We do not make any profit from service charges.**

The amount of the charge is the amount it costs to provide the service. Any services you receive are shown individually in your Notice of New Rent letter.

Examples of services covered could include:

- Cost of buildings insurance
- Employing a caretaker
- Cleaning shared areas, including windows, and removing dumped rubbish
- Cutting grass and looking after planted areas

- 
- 
- Repairs to shared facilities such as door-entry systems, television aerials and lighting
  - Providing and repairing lifts
  - Providing fire fighting equipment, including repairing and testing emergency lighting and smoke alarms
  - Providing water, electricity and gas supplies to shared areas

**Charges are based on the actual costs of providing services, together with the cost of future replacement where necessary.**

The service charges you pay from April are an estimate. These charges are reconciled in September and we will write to you again at this time to advise you of the actual costs.

We work hard to provide a good quality service at an affordable price, but please contact us with any concerns:
